

CNIA Newsblast: JUNE 2023 SPECIAL CONFERENCE NEWSBLAST

From the Desk of the Communications Director

The CNIA conference is just around the corner. Updates continue to occur, so return to the conference page on the CNIA website to ensure you are aware of any changes to the schedule.

It's not too late to register! Share this newsblast with colleagues.

Note that conference schedule times are listed as Calgary local times - if you are attending virtually, please ensure you log-in at the correct time in your time zone.

Details regarding logging in virtually will be sent to all virtual registrants just prior to the conference, to ensure that all schedule changes are accommodated.

We look forward to welcoming you to Calgary - in-person or virtually.

Helen Edwards
CNIA Communications Co-Director

Remember to register for the annual CNIA [conference](#) being held in Calgary, Alberta at the University of Calgary, Downtown Campus, Event Centre. **This is an in-person and virtual event.**

**University of Calgary
DTC Event Centre
906 8th Avenue SW
Calgary, Alberta**

T2P 1H9

Conference at a Glance

Conference Sponsors

The CNIA conference would not be possible without the generous support of our sponsors. We would like to acknowledge them here and encourage you to connect with their representatives while attending the conference.

GOLD LEVEL SPONSORS

 <p>Oracle Oracle is advancing health with better information by connecting technologies that unify data, empower individuals, and enable innovation across the health ecosystem. Connecting data will</p>

empower individuals, and enable innovation across the health ecosystem. Connecting data will allow patients and physicians to make more informed decisions, enable automation that will drive efficiencies, and unleash innovation to make healthcare more holistic, accessible, and equitable.

Zebra Technologies Inc

Unburden the delivery of care by leveraging easy and interoperable technology solutions from just one partner—Zebra. Zebra offers the industry's broadest portfolio of healthcare solutions that integrate effortlessly to connect assets, workflows, patients and staff into one holistic system. Let's work together to give your teams more control, reduce unwanted workarounds, and regain more time for care.

SILVER LEVEL SPONSORS

Stryker Corporation

What matters to you, matters to us. That's why we work side by side with you to understand exactly what you need to deliver safer care and better outcomes across the care continuum. Our seamlessly connected solutions deliver insights in near real-time so care teams can respond effectively to critical situations, while also helping prevent hospital-acquired conditions such as pressure injuries and falls. Together with our customers, we are driven to make healthcare better. Learn more about Vocera clinical communication and workflow solutions at stryker.com

Canada Health Infoway Inforoute Santé du Canada

Canada Health Infoway

At Canada Health Infoway (Infoway) we believe a more connected and collaborative system is a healthier system, and we work with governments, health care organizations, clinicians and patients to make health care more digital. We're working to ensure that everyone is able to access their personal health information, book appointments, get prescriptions, view lab test results and access other health services, online. We're working with our partners to transform the health system because we know that digital in health can be as transformative as digital has been in other aspects of our lives. We're an independent, not-for-profit organization funded by the federal government. Visit us online at www.infoway-inforoute.ca

EdEHR

EdEHR is an essential educational tool designed for medical education programs that seek a Canadian system that is focused on student experience. EdEHR is suitable for all health care programs including, but not limited to, nursing, medicine, pharmacy, physiotherapy and more. Students find the EdEHR easy to use and intuitive. EdEHR can be connected with many learning management systems including Moodle, Canvas, Blackboard, Desire2Learn, and others.

management systems including Moodle, Canvas, Blackboard, D2L and other L11 compliant learning systems. Instructors can customize the course content to suit and provide guidance to students while evaluating their work.

CAPSAHEALTHCARE

Capsa Healthcare Canada is the fastest growing brand in point-of-care workstations and telehealth mobility. We brought together leading brands Rubbermaid Healthcare, Humanscale Healthcare, and Tryten to provide the most complete lineup of solutions to enable close clinician-patient interaction at the point-of-care. Capsa's workstations improve workflow, save time, and support an efficient clinical process.
