Canadian Nursing Informatics Association

XCNIA

The CNIA Newsblast delivers informatics news from Canada and around the world to our members and subscribers.

Happy New Year!!

The old year ended on somewhat of a better note, and 2021 holds promise that life will be returning to a new normal over the next many months, with the approval and distribution of the COVID vaccine.

Your CNIA Board continues to make plans for the coming year – focusing on the renewed strategic plan that we will share with our members over the coming months.

In this month's newsblast you will see that there is a Call for Abstracts for the annual CNIA conference - NURSING INFORMATICS: INTEGRATING CARE AND CONNECTION IN A DIGITAL WORLD.

After having to cancel the conference last year due to the COVID restrictions, this year's conference will be held virtually – something we are sure that all of you are now accustomed to. We have elected to do this in May, over Nursing Week, spaced out over the 5 days, in order to provide some flexibility to the attendees. For more information see below or go to the CNIA website.

CNIA Conference 2021 - May 10 - 14, 2021

The conference themes this year include:

- Advancing Nursing Education for Practice in a Digital Age
- Patient Perspectives on Impacts of Digital Health
- Virtual Care
- Nursing Informatics Supporting Care Delivery

Monday, May 10th
Pre-conference Workshop

Pre-conference workshop

Tuesday, May 11th to Friday, May 14th
Conference Program - Opening and Closing Keynotes; Concurrent Sessions, Panel Discussion, Posters

CNIA invites abstract submissions from Administrators, Leaders, Practitioners, Policy Makers, Educators, Students, and Researchers

Please share with your colleagues

Submit a 250-word abstract for our national conference
[Abstract Submission](#)

French language abstracts are also welcome
[Soumettez votre résumé](#)

ABSTRACT DEADLINE: January 31, 2021

Call for abstracts now open

This year, sharing knowledge and showcasing the work that supports and enables digital health innovation in Canada is more important than ever. Apply to present your digital health projects, ideas, and research to peers from across Canada and the world at e-Health by submitting an abstract for consideration today.

Access the simple [online submission form](#) after you've had a chance to [read the guidelines](#) on the e-Health website. Deadline for submission is Thursday, January 21, 2020.

10TH ANNUAL E-MENTAL HEALTH CONFERENCE

Virtual Care in Times of Crisis and Beyond

Please join us for the 10th Annual E-Mental Health Conference: Virtual Care in Times of Crisis and Beyond.

The COVID-19 pandemic has created a rapid shift to virtual healthcare and increased public interest in e-health.

On **March 3-4, 2021** colleagues from across the health-care community will gather online to discuss their experiences.

For updates on registration, lightning talks, and poster presentations, sign up for our mailing list.

Hill Rom is seeking a Clinical Consultant to support a broader team in selling and delivering new clinical workflows, integration consulting and process/program improvement for mobile staff communications, alert and alarm management, and nurse call platforms.
